

BUILDING A PERSON-CENTERED LIFE PLAN WITH SUPPORT COORDINATORS

**WEDNESDAY, MAY 1
AT 7:00 - 8:30 PM
VIA ZOOM**

Regional Family Support Planning Council #4 (Essex) invites family members with a loved one with Intellectual or Developmental Disabilities (I/DD) to an engaging presentation on collaborating with support coordinators to create person-centered Individualized Supports Plan (ISP). We are inviting support coordinators to discuss their strategies for identifying the unique needs, preferences, and aspirations of the individuals they serve. They will explain how the information can be used to create the support systems an individual needs to live a meaningful and fulfilling life.
